Personal Cropping Supplies:

☐ It is required you use a craft mat or cutting mat at all times while at camp. If you happen to forget, we will have mats available to purchase. ☐ The chairs are wooden. It is highly recommended to bring a chair pad or chair.

☐ There will be a small store with cardstock, brads, adhesive, ink, ribbon, trimmer blades. Please pre-order your adhesive through the store. We can even bring it up to camp if you wish. Take advantage of the 10% off stock up sale for our campers (One time use coupon, valid only prior to camp). Please organize your supplies before camp so you have everything you will need and get the most out of your cropping weekend. Organize with your cropping buds on die cut machines, dies, power strips, and tools so you don't have to pack as much and for more table space for cropping. If you are bringing a die cut machine, you are required to bring an extension cord and power strip. **It is highly recommended each table has at least (1) 25' long extension cord and at least (1) power strip with at least 6 outlets.**

☐ To abide by fire code, small (4' x 4') table per pair will be the only additional tables allowed in the crop room.

Personal Snacks:

A bountiful Snack Table, water, tea, and coffee will be provided throughout the weekend, but you will need to bring any other beverage of choice (including your BAR) and creamer/sugar of your choice. Scrapbook Paradise will provide a Keurig machine. If you have a favorite Keurig flavor, please bring your choices. Your personal favorite condiments are welcome too during meals. There is a refrigerator for camper use. Please write your name on items in case of duplicate products.

Please remember food is not allowed in the cabins.
